Serial No.

Renovation Committee pro. The deficit of Rs. is stitched and the other half from State Funds. The Renovation Committee was asked to credit the amount to the Treasury & the work was entrusted to the P.W.D. for execution. The Comptroller was requested to place the amount at the disposal of the P.W.D. The D.C. Bangalore now states that he visited the temple on 29th May last along with Mun. Kasturi K Krishnamurthi Rao & the Amildar of Magadi, that it is reported that 3 pillars in the inner portion of the temple require to be raised and 3 other pillars in the outer portion require to be strengthened and that the total cost of this work will be about Rs. 400 out of which Mun. Krishnamurthi Rao has promised to give half & that he would recommend to Govt as regards the payment of the other half. The D.C. further stated that an excess cost in the estimate to an extent of Rs. 300 will have to be incurred for providing extra cement between the lower slabs and the upper cement of in the roof & that Mun. Krishnamurthi Rao is prepared to contribute half the cost of this work estimated (added) & above that the estimate may have to be revised for the above reasons. Submitted for orders.

Enclosure No.

With reference to his letter No.407 dated the 19th June 1923 regarding repairs to be carried out to the Kalleshwara-swami Temple at Nagadi, has the honour to inform the Executive Engineer as follows:-

(1) No new items of work not covered by sanction in the original estimate should be undertaken without previous approval of Government thereto.

(2) Even if the estimate is not likely to be exceeded the Executive Engineer is requested to obtain previous approval of the Muzrai Commissioner in Mysore for --- additions and alterations, if any, contemplated before such proposals are submitted to this office for sanction.

Sd. K.H. Seshachar,

Ag. Chief Engineer of Mysore
for Roads and Buildings.

A.N/7th.
No. 8,152 Dated 10th July 1923

Copy of the above (with a copy of D.O. letter No.470/C.C. dated the 29th May 1923 from the Deputy Commissioner, Bangalore District) is forwarded, with

with compliments, to the Revenue Secretary to Government, for information.

Ag. Chief Engineer of Mysore
for Roads and Buildings.

A.N/7th.

D.O.No.470/C.C. dated Camp Magadi 29th May 1963, from the Deputy Commissioner, Bangalore District, to the Executive Engineer Bangalore Division, Bangalore.

This morning along with Mr. Karnick Krishna Murthy Rao and the Amildar of Magadi, I visited the Someswara Temple near Magadi where the renovation work is going on under your auspices. Your Sub-overseer was present and showed me over the places. Mr. Karnick Krishnamurthy Rao says that 3 pillars in the inner portion of the temple require to be raised and 3 other pillars in the outer --- portion require to be straightened out. I am informed that you and the Chief Engineer saw the place and that you are agreeable to get the work done as desired by Mr. Krishnamurthy Rao, provided the extra cost of a revised estimate can be met. I think, that while we are at the work of renovation, we might do it well and if you will kindly send me an estimate of the extra cost involved in raising 3 pillars inside and straightening 3 pillars outside, I shall make a report recommending to Government that they might give half the cost of the extra estimate, provided Mr. Krishna-murthy Rao gives the other half. Mr. Karnick Krishna Murthy Rao has promised that he will pay half the cost and the total cost I believe will be about Rs.400/-. I am informed that the roof of the temple having been found to consist of earth between the lower slabs and the upper cement, an excess cost in the estimate to the extent of Rs.300/- has to be incurred by the necessity of having to provide extra cement in the place formerly occupied by the --- earth. I understand that Mr. Karnick Krishna Murthy Rao will be prepared to give half the excess cost incurred on this account also and at any rate on this account at least a revision of the estimate and of the contribution has to be made and while having thus to revise the estimate, the other items of the 6 pillars may also be included.

Hoping to hear from you early.
